

WASHINGTON SETS MARATHON MARK

Entries From Capital in
Times-News Run Reach
Half-Century Mark.

MORE INSTRUCTIONS FOR COMPETITORS

Entry List Closes Next Tuesday,
After Which Time Blanks
Will Not Be Accepted.

The half-century mark has finally been passed in Washington entries for the Times-News intercity Marathon race from Laurel to Baltimore next Saturday.

When the date for the event was first announced the Amateur Athletic Union officials and other athletic enthusiasts of this city immediately went to work to assist in every way to make the affair a success, and expressed the hope that twenty-five men here could be found to uphold Washington in the duel with Baltimore.

Few, however, thought that so much had last year's Marathon stimulated interest in long-distance running here that more than fifty Washingtonians had taken to the sport and were ready to train and compete in this classic distance race of the south Atlantic section.

The combined entry list of Baltimore and Washington now numbers 125, which assures the largest field that has ever responded to a starter for any athletic race ever held south of Philadelphia, and compares most favorably with the lists annually attracted by Marathons of years' standing in this country.

Entries Close Tuesday.
At midnight on Tuesday the entry list will be officially closed and no blank will be received under any consideration after that hour, although entries mailed before that time will be considered as coming within the limit.

Tomorrow announcement will be made of the exact time when the medical examinations will be made of every entrant and after these tests there will be little for the athletes to do but await the starting of the biggest amateur athletic event ever arranged for these parts. As it is imperative that every man who starts undergo the examinations, all athletes should be on the look-out for the date and be sure to be present at the time set.

It has been noted that some of the entrants are inclined to go excessive distances—fourteen and fifteen miles—at this stage of the game, but they are injuring themselves, for they will need all the endurance they can lay up during the coming week.

Need Plenty of Rest.
Plenty of rest and eight hours of sleep will be all the training necessary during the last days before the race, and light gymnastic work will help keep the athletes shaped up for the grueling grind.

Eat plenty of nourishing food, and do not diet, but eat as you are accustomed to, unless you have dieted before. To diet without first having tried its effects might prove disastrous, so better follow the old routine. Massaging of the muscles will also prove beneficial if there are any sore spots. When one tests the mark on next Saturday not a single tendon or muscle should ache if the best results would be sought.

EXPERIMENT TRIED IN SALE OF STOCK

Extraordinary success has attended the dissolution sale of the stock of A. Herman's Sons Company, of 738 Seventh street northwest, which is now in progress.

Under the arrangement by which this sale was started, the big stock of the company would have to be sold in some other way, if this sale did not dispose of it, but the sale is doing that.

GIRLS TO GIVE PLAY.

"Snook Island" will be given by the Nedra girls, of the United Brethren Church, on Tuesday evening, May 10, at Carroll Institute Hall. The performance is a comedy in three acts. As supplementary attractions, Miss D. L. Hickman and Miss Louise M. Neuber will sing.
